## 2. Promotion:

### a. **Play Rounds – Triple Prize Wheel General Rules**

- i. The Triple Prize Wheel has 36 slots across all three (3) wheels (Green wheel, Blue wheel and Red wheel.) Each slot is assigned a number, 1-36. Placement of numbers is predetermined.
- ii. The Player with the final highest number will win the Play Round and proceed to the Championship Round.
- iii. The Player that does not advance is eliminated from the game and receives the consolation prize.
- iv. The Player will receive up to one (1) spin per wheel only.
- v. The prize wheel must make one (1) full rotation to be a valid spin. If the wheel does not make a full rotation, the Player will be asked to spin again.
- vi. When a Player “locks in,” they will not receive any more spins on any of the three (3) wheels and their number is displayed on the score board.

### b. **Play Rounds – Play Process**

- i. Player 1 and Player 2 are determined by the order the vouchers are drawn. The first voucher drawn and verified eligible automatically becomes Player 1. Player 1 must be confirmed before the drawing for Player 2 occurs.
- ii. Player 1 spins the Green wheel (outer wheel).
  1. Player 1 has the choice to:
    - a. Keep the number they land on and “lock in”
    - b. Forfeit that number and proceed to the next prize wheel
- iii. The player has fifteen (15) seconds to make their decision.
- iv. Player 1 and Player 2 alternate turns spinning the Triple Prize Wheel, therefore, Player 1 verbally states their decision to “lock in” or proceed to the next wheel then it is Player 2’s turn to spin.
- v. Player 2 spins the Green wheel (outer wheel).
  1. Player 2 has the choice to:
    - a. Keep the number they land on and “lock in”
    - b. Forfeit that number and proceed to the next prize wheel
- vi. The Player has fifteen (15) seconds to make their decision.
- vii. If either Player proceeds to the Blue wheel (middle wheel) they have the choice to:
  1. Keep the number they land on and “lock in”
  2. Forfeit that number and proceed to the final prize wheel
- viii. The Player has fifteen (15) seconds to make their decision.

- ix. If either Player proceeds to the Red wheel (inner wheel), the Player receives one (1) spin and the number the wheel stopper lands on is their final number.
- x. Play is concluded once both Players “lock in” their numbers or a higher number is achieved by Player 2 after Player 1 “locks in”, therefore the winner is determined, and play does not need to continue.
- xi. If Player 2 lands on the same number that Player 1 locked in with, Player 2 must proceed to the next wheel.
- xii. If Players end on the same number on the Red wheel, the Tiebreaker spin-off will occur.
  - 1. Each Player spins the Green wheel, starting with Player 1. The Player with the highest number wins the Play Round and proceeds to the Championship Round.
  - 2. If they land on the same number again, they each spin again until the winner is determined.

**c. Championship Round**

- i. The three (3) winners of Play Rounds 1-3 will participate in the Championship Round to determine the final prizes.
- ii. Finalists must be present to participate in order to win a prize.
  - 1. In the instance that a Finalist must leave before the Championship Round, they may select a proxy eighteen (18) years of age or older to participate on their behalf. The official proxy form must be completed.
  - 2. In the instance that a Finalist is not present by the determined call time, they will be ineligible to participate in the Championship Round, and a new winner will be drawn to participate as a Finalist in the Championship Round.
    - a. A new winner will be drawn as stated in Section G and will be verified as in Section D (“Eligibility”).
- iii. Each Finalist rolls the numbered game die to determine the order of the prize board selection.
  - 1. The Finalist that rolls the highest number gets first selection of the three (3) prize boards, numbered 1, 2, and 3.
  - 2. The Finalist has ten (10) seconds to make their selection. They stand next to their selected board.
  - 3. The Finalist with the second highest number selects their board and the last Finalist gets the remaining board.
- iv. With all three (3) Finalists standing next to their selected boards, the Host will prompt them to peel to reveal their prize. All three (3)

Finalists peel the adhesive cover from their board to reveal their final prize.
