

ACTIVE COUPONS

Please see the Frequently Asked Questions at the end of this document for details on how to:

- Determine if coupons are valid
- Redeem Coupons
- See if a player credit was received for the Scratch-off or Draw ticket given to a player
- See redemptions

Note: Not all coupons are shown. Though less common, other promotional email coupons will be available to players throughout the year. Validation dates are on the coupon.

COUPON FAQ

What types of coupons could a player present for redemption?

Hoosier Lottery distributes physical coupons at events and we email coupons to our players that are registered with myLOTTERY. A player could present their myLOTTERY coupon via their personal mobile device or present the printed version.

How do I know that the coupon is valid?

Valid Hoosier Lottery coupons will redeem successfully on your lottery terminal.

How do I redeem?

Instructions for redemption are listed on all Hoosier Lottery coupons.

- Coupons for a FREE Draw game ticket will automatically print a free ticket, after **pressing the Promo/Coupon button** and scanning the barcode, for the game that the coupon was issued for.
- Coupons for a FREE Scratch-off will issue a credit for the coupon amount after scanning the barcode. The player can then choose a Scratch-off for that amount.

How do I know I received credit for the Draw or Scratch ticket I give to the player?

The credit for Draw game ticket or Scratch-off will be included in your terminal reports.

If the free ticket is a Scratch-off, scanning the coupon is captured as a scratch redemption. You can see your redemptions for the current day here:

Scratch Functions > Financial Reports > Scratch Ticket Sales or Cashing Summary

If the free ticket is for a Draw game the coupon is captured as a FREE TKT ISSUED. You can see your FREE TKT COUNT here:

Reports > Draw Games Sales Reports > Today

It will appear in the same line item on your Weekly Settlement Report
