COUPON FAQ

What types of coupons could a player present for redemption?

Hoosier Lottery distributes physical coupons at events and we email coupons to our players that are registered with myLOTTERY. A player could present their myLOTTERY coupon via their personal mobile device or present the printed version.

How do I know that the coupon is valid?

Valid Hoosier Lottery coupons will redeem successfully on your lottery terminal.

How do I redeem?

Instructions for redemption are listed on all Hoosier Lottery coupons.

- Coupons for a FREE Draw game ticket will automatically print a free ticket, after **pressing the Promo/Coupon button** and scanning the barcode, for the game that the coupon was issued for.

- Coupons for a FREE Scratch-off will issue a credit for the coupon amount after scanning the barcode. The player can then choose a Scratch-off for that amount.

How do I know I received credit for the Draw or Scratch ticket I give to the player?

The credit for Draw game ticket or Scratch-off will be included in your terminal reports.

If the free ticket is a Scratch-off, scanning the coupon is captured as a scratch redemption. You can see your redemptions for the current day here:

Scratch Functions > Financial Reports > Scratch Ticket Sales or Cashing Summary

If the free ticket is for a Draw game the coupon is captured as a FREE TKT ISSUED. You can see your FREE TKT COUNT here:

Reports > Draw Games Sales Reports > Today

It will appear in the same line item on your Weekly Settlement Report
