Each participant will proceed to the 35th Anniversary Birthday Cake. The cake contains three (3) prize tiers and thirty-five (35) candles, numbered 1-35. The player will select one (1) candle from the bottom tier with a chance to win a cash prize or advance to the middle tier or top tier. Cash prize amounts increase on each tier and range from \$100-\$500. Prize Description: Here is the daily cash prize breakout for the 35th Anniversary Birthday Cake with a total of thirty-five (35) prize slots across all three (3) cake tiers: • \$500 – 6 prizes available • \$450 – 1 prize available • \$400 – 3 prizes available • \$350 – 2 prizes available • \$300 – 1 prize available • \$250 – 1 prize available • \$200 – 3 prizes available • \$150 – 2 prizes available • \$100 – 3 prizes available

2. Process Details:

- a. **Phase 1** – The player will select one (1) candle from the BOTTOM TIER of the 35th Anniversary Birthday Cake. The fifteen (15) candles available for selection are numbered 1-15. The selected candle will be removed from the cake and the prize will be revealed from inside the candle. The selected candle is removed from the game for the remainder of the day and cannot be selected again. There are four (4) scenarios that can occur with each BOTTOM TIER candle selection:
 - i. If the candle selected reveals a CASH PRIZE, the player will be awarded the cash prize listed and the game is concluded.
 - ii. If the candle selected reveals a CASH PRIZE OR PICK AGAIN, the player will have the choice to take the cash prize and the game is concluded or forfeit the prize and make a second candle selection. The player will have ten (10) seconds to make their decision. If the player makes a second selection, the prize revealed is their final prize. Players will be allowed a maximum of two (2) candle selections per cake tier. Therefore, if the player selects CASH PRIZE OR PICK AGAIN on their second candle selection, they will automatically be awarded the cash prize, and the game is concluded.
 - iii. If the candle selected reveals MIDDLE TIER, the player proceeds to the next phase of the game.
 - iv. If the candle selected reveals JUMP TO THE TOP TIER, the player proceeds to the final phase of the game.
- b. **Phase 2** – The player will select one (1) candle from the MIDDLE TIER of the 35th Anniversary Birthday Cake. The twelve (12) candles available for selection are numbered 16-27. The selected candle will be removed from the cake and the prize will be revealed from inside the candle. The selected candle is removed from the game for the remainder of the day and cannot be selected again. There are three (3) scenarios that can occur with each MIDDLE TIER candle selection:
 - i. If the candle selected reveals a CASH PRIZE, the player will be awarded the cash prize listed and the game is concluded.
 - ii. If the candle selected reveals a CASH PRIZE OR PICK AGAIN, the player will have the choice to take the cash prize, and the game is concluded, or forfeit the prize and make a second candle selection. The player will have ten (10) seconds to make their decision. If the player makes a second selection, the prize revealed is their final prize. Players will be allowed a maximum of two (2) candle selections per cake tier. Therefore, if the player selects CASH PRIZE OR PICK AGAIN on their second candle selection, they will automatically be awarded the cash prize, and the game is concluded.
 - iii. If the candle selected reveals TOP TIER, the player proceeds to the final phase of the game.

- c. **Phase 3** – The player will select one (1) candle from the TOP TIER of the 35th Anniversary Birthday Cake. The eight (8) candles available for selection are numbered 28-35. The selected candle will be removed from the cake and the prize will be revealed from inside the candle. The selected candle is removed from the game and cannot be selected again. The cash prize revealed is the player's final prize and the game is concluded.

3. Breakout of Prizes Per Cake Tier:

- a. Before each Happy Hour, Security will assign a prize to each of the thirty-five (35) candles based on the prizes available for each cake tier. One (1) prize scroll will be loaded into each candle, one tier at a time. Security will verify all thirty-five (35) prize scrolls are loaded into the candles that correlate with each cake tier and place each candle in the slot on the appropriate cake tier each day before the Promotion begins.
